RE: Physician's and Surgeon's Certificate No. A83217
Case No. 800-2017-029908

Public Letter of Reprimand

On January 17, 2017, the Connecticut Medical Examining Board issued a Consent Order whereby you were reprimanded and required to pay a civil penalty of \$1,000. The Connecticut Medical Examining Board found that you failed to maintain adequate medical records from 2014 through 2015 when you prescribed controlled substances to yourself, your family members and to a nurse working as an independent contractor in a Mt. Kisco, New York facility. During that same time period, you also inappropriately prescribed controlled substances in New York using your Connecticut DEA number.

These actions constitute a violation of California Business and Professions Code sections 141(a), 2234 and 2305.

Pursuant to the authority of the California Business and Professions Code section 2233, you are hereby issued this Public Letter of Reprimand by the Medical Board of California.
